Why Children First?

Children First Counseling Center exists to provide emotional healing to victims of child abuse and family violence through counseling and play therapy. Our agency was founded in 1977 and has served the Dallas-Fort Worth area for 40 years.

Unfortunately, there are MANY victims who need our services.

In 2016, CPS reports that there were 15,717 confirmed victims of child abuse and neglect in our local region. Tragically, there were 71 related child fatalities.

Because family violence is a learned behavior, it is imperative that children receive emotional healing as early as possible so they will not continue the cycle of violence into adulthood.

With the help of generous supporters like you, Children First provided nearly 14,000 hours of service in 2016 to heal victims and prevent further abuse.

We are so grateful to Huggins Honda and all who support this wonderful golf scramble to raise funds to help us continue this important work.
